## IB CENTER NEWS No.12

### International Baccalaureate in-school Symposium

On February 19, the third IB Symposium was held. In the morning, Mr. Akatsuka of Sagami Women's University gave a lecture and workshop titled "Lessons Driven by 'Questions': Constructivism-based Teaching Methods and Critical Thinking," and in the afternoon, subject-specific breakout sessions led by MYP subject leaders were held. In the afternoon, there was a breakout session for each subject area led by MYP subject leaders.

It was a day of skill-building, including how to formulate questions and how to create lessons. As we rediscover the depth of learning, we hope to continue to work together as a faculty to promote class design from a scholar's point of view.

From left: Mr. Arikawa, vice principal (elementary school); Dr. Fukata, IB department head; Dr. Akatsuka (Sagami Women's University) Principal Soeya (Junior high school and high school), Principle Kuroiwa (Primary school), Vice Principal Fujimaki (Junior high school)
